Using JavaScript to implement show/hide more details in the field

So, this demo shows how you can add a feature to show/hide more text on the field with JavaScript

Huge textarea field

max 1000 symbols

Save

Showing the contents

Huge textarea field

Vader: There is no escape. Don't make me destroy you. Luke, you do not yet realize your importance. You've only begun to discover your power. Join me, and I will complete your training. With our combined strength, we can end this destructive conflict, and bring order to the galaxy!
Luke: [wincing] I'll NEVER join you!
Vader: If only you knew the power of the dark side. Obi-Wan never told you what happened to your father.
Luke: He told me enough. He told me you killed him.
Vader: No. I am your father.
Luke: [shocked] No. No. That's not true! That's impossible!
Vader: Search your feelings, you know it to be true.
Luke: NOOOOOOO!!! NOOOOOOOO!!!
