

Include content of parent page via ConfiDoc excerpt macro

This page demos that the layout of parent page can be reused via ConfiDoc Excerpt macro

Parameter	Value	Query
JIRA Issue key		JIRA

CONFSERVER-36424

{panel:bgColor=#e7f4fa} ***NOTE:*** This suggestion is for ***Confluence Server***. Using ***Confluence Cloud***? [See the corresponding suggestion|<http://jira.atlassian.com/browse/CONFCLLOUD-36424>]. {panel} See CONF-25086 which was marked as fixed, but was not complete. Add a Content representation with embedded styles, similar to SOAP API.
