

Demo form with filter and CalendarView with intervals and normal dropdown

Very similar to [Demo form with filter and ConfiForms CalendarView with intervals and dropdown for choices](#) and to [Demo form with a dynamic filter and CalendarView with intervals field](#), but uses just a usual dropdown for storing choices

Data in the form

Name	Used when
sledge	Jun 11, 2016 02:41 - Jun 20, 2016 02:41
