# How to create assets

After creating an asset type you are ready to start adding assets into AssetForms. You can do it manually as shown below or using our Import API How to import assets into AssetForms app from Excel or CSV

Then you will be presented with the list of asset type you have registered.

Click on the "+" button next to asset type name to jump right into creating the asset of this type

Assets

CONS - Contracts (2)

    CONS-1 Animation

    CONS-2 Development, REST AP

[New asset] | Asset types

Asset

Asset type: CONS - Contracts

Name*   Mark Dark Contract

Date (when)   Jun 01, 2020

[Save]   Cancel

or click on "New asset" button below to choose the asset type and then create an asset of selected type
