

ConfiPanels - set on panels for Jira cloud which make life and work easier

Our little initiative to adopt Atlassian Forge platform and create little handy apps to make your life and work easier.

ConfiPanel: Other requests by customer or reporter

<https://marketplace.atlassian.com/apps/1224869/confipanel-other-requests-by-customer-or-reporter?hosting=cloud&tab=overview>

After installing the app you will see an extra tab in the issue view. Clicking on it will bring a list of issues previously raised by this customer (in JSM) and reporter (in Jira)

With little touch of interesting stats

Activity

Show: Comments History Requests by this customer

Oldest first ↑

Total number of requests by this customer: 13

Total number of comments: 88 (Average number of comments per issue: 6.8)
